# AlmanacEgypt.com

## *Egypt's Online Travel-Market*

Our mission is to present a comprehensive and complete overview of Egypt as a Travel Destination, in a commercially unbiased manner and in the best possible light. We also mean to motivate interrelations between national & international suppliers and supporting industries, as well as tourism-sector investors and developers. We ask all Travel Industry and related sectors to participate; their absence will be noticed (and now even unjustifiable), while we'll be empowered by your presence as it will add us respect and credibility.

### **Four parallel lines organize our mission:**

1. A B2C vision to promote Egypt locally & globally as a 'Classic' and a 'Must-See' destination
2. A B2B vision to enhance relations between Travel Industry buyers, suppliers, and developers
3. Providing important 'Life' information to Expatriate Communities, including Travel & Recreation
4. An extreme emphasis on 'Culture & Information', an 'Egypt A-to-Z' to serve travelers & researchers

Nationwide Travel Industry & Related Business Sectors –listed below alphabetically- are invited to participate **before end of August 2011** to obtain privately owned Booths (Professional Portfolios) with outstanding promotional capacities; this is **TOTALLY FREE OF CHARGE UNTIL DEC.31, 2012, instead of Dec.2011 as previously announced.**
